

# Templestowe Route Upgrade

## Construction update

### January 2026

#### In summary:

- **Construction works will resume shortly following the pause over the festive season.**
- **We're installing a pedestrian operated signal crossing and electronic speed sign on Anderson Street.**
- **Traffic bollards remain in place to guide traffic and protect newly reinstated nature strips.**

#### Anderson and Parker Street works

##### **Important dates** More information is available on [Your Say Manningham](#)

##### **Electric speed sign installation works**

From mid-January

- Car park access on James Street will be temporarily unavailable on Friday 23 January, from 7:00am to 3:30pm.
- Alternative parking options and traffic management will be in place to guide you.
- Time restrictions will be lifted from the alternative parking areas.

##### **Parker Street works**

Mid-2026 completion

- We are upgrading drainage, installing kerb and channel and reconstructing the road.

##### **Temporary bus stop relocation**

Mid-2026

- The High Street/Parker Street/Swilk Street bus stop will be temporarily relocated to a nearby location. Signs are in place to guide you.
- Bus services will run as usual.

##### **Bus stop upgrades**

Mid-2026

- Bus stops 5532 and 5617 will be closed for 4 weeks for upgrades.
- The closure period and further information will be provided closer to the date, subject to the bus stop design approval process by the Department of Transport and Planning (DTP).

## **Parker Street - closure for night works**

April 2026

- Parker Street will be closed for the final asphaltting stage.
- Works will occur in different sections of Parker Street each night.
- The works will take 4 nights – exact dates will be provided closer to the start of works.
- Access:
  - Driveways will be blocked for one night – residents to park outside the works area.
  - Pedestrian access will be maintained.
- Business access may be impacted – we'll contact you to make a plan.

## **Service disruptions**

### **Planned outages**

- A temporary power outage between 4 to 6 hours will be required to complete the installation of bus stop lighting and electronic speed signs.
- The works and timings will be dependent on approval from DTP.
- United Energy will provide more details including dates once confirmed.
- There are currently no planned outages for other services.

### **Unplanned outages**

We're working closely with service providers to avoid unexpected disruptions. In the unlikely event of an interruption, the service provider will respond as usual.

## **Closing soon: Expressions of interest for the Templestowe Village Streetscape Upgrade focus group**

We're inviting expressions of interest (EOI) to join a focus group for the Templestowe Village Streetscape Upgrade. You do not need any specialist knowledge. You just need to agree to our *Terms of Reference and Code of Conduct* and be willing to contribute and share thoughts and ideas.

The focus group will be selected by independent consultants, Chatterbox Projects. Our goal is to create a representative panel that includes residents, business owners, landowners and community groups. We're also aiming for diversity in age, background and ability. Final numbers may vary, but the panel will include no more than 30 participants.

The group will review community feedback, discuss ideas and help inform the development of the draft Templestowe Village Streetscape Concept Plan.

### **Eligibility and key dates**

To be eligible, you must:

- be aged 18 years or older
- have a connection to Templestowe Village
- have access to phone or email
- be able to attend all 3 focus group sessions.

Sessions will be held at a local Templestowe venue from 6:00pm to 8:00pm on:

- Monday, 16 February 2026
- Monday, 2 March 2026
- Monday 23 March 2026

Final participants will be confirmed by Tuesday 10 February, so please keep these dates free.

**Submit Your Expression of Interest by 5:00pm, Sunday 18 January 2026 at**
